Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

### Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

## English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

### Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

### Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

## School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Length of School Day	6 Hrs 35 Mins
Full Time - Instructional Time	6 Hrs 34 Mins
Shared Time - Instructional Time	N

## Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

## Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

## Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

## Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

## Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	41.94	17.5%
Mathematics Proficiency	59.60	17.5%

## Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

#### Courses, Curriculum, Instruction:

The district offers a comprehensive educational program to students in Pre-K through eight. Students in Pre-K utilize the Creative Curriculum which provides them with a foundation in ELA, Math, and Social Skills to prepare the students for Kindergarten. Students in grades K-8 take math, ELA, science, social studies, music, art, Spanish, computers/STEM/STEAM, PE, Health, Character Education, and Financial Literacy. An enrichment period is built into students' schedules to provide additional instruction in the areas of ELA and Math. Algebra I is offered to eighth-grade students who excel in math. The district utilizes Pearson Reading Street and Pearson Envision Math for students in grades K-5. The district utilizes Pearson Literature and Pearson Digits for Math for students in grades 6-8. My Classroom Economy and Everfi are used to teach students about Financial Literacy.

#### Clubs and Activities:

The school district has both a boys and girls basketball team. In addition to those teams, the following clubs and activities are offered to students: Student Council, Students Against Destructive Decisions (SADD), Yearbook Club, Beginner Band, Advanced Band, Chorus, Ski Club, Drama Club, Checkers and Chess, and Chef it Up.

#### Before and After School Programs:

Breakfast before the bell is offered 180 days a year from 7:45 am - 8:15 am. The Netcong Education Foundation provides Before and After Care programs for students whose parents work. Homework help is available three days a week from 3 pm - 4 pm for students in grades K-8. The Homework help is targeted to specific grade levels to ensure the needs of the students are being met: K-1,2-3, 4-5, 6-8, and ELL.

#### Staff and Professional Learning:

Teachers in grades K-4, special education teachers, the Learning Consultant, and the Speech/Language Pathologist are trained in Orton Gillingham methodologies to develop phonemic awareness and provide students with a solid foundation in literacy. Further, elementary school teachers and special education teachers were trained on how to implement the Developmental Reading Assessment (DRA) to students in grades K-3. The entire staff participated in security training with members of the NJDOE School Safety and Preparedness Unit. The district holds four in-service days for the staff where in house professional development takes place. Finally, all staff members are encouraged to attend outside professional development opportunities and then turnkey what they learned to the staff at a faculty meeting.

### Student Health and Wellness:

Anti-bullying programs are offered each year to students. Students in grades K-8 participated in the Steered Straight Programs which were grade level appropriate presentations on anti-bullying and drug prevention. Students in grades K-6 participated in the NED show which also focused on anti-bullying and respecting diversity. The district partnered with Prevention is Key on a variety of health and wellness programs for students including Footprints, We're Not Buying It, and Curriculum-Based Support Group. All students in grades K-8 have physical education and health. Character Education is also built into students' weekly schedules.

### Parent and Community Involvement:

The district has an active PTA and Education Foundation. The PTA and Netcong Education Foundation (NEF) sponsor several events for students and staff during the year. The district is engaged with local community organizations such as the police department, fire department, local businesses, the Municipal Alliance, the Netcong Stanhope Rotary, and the Growing Stage Theatre. The district partnered with the Municipal Alliance to bring in the Anti-Bully Squad and Bro 4 to teach students how to be an upstander, not a bystander.

### Facilities:

The district purchased and installed new bleachers which replaced the original bleachers of the school. The new bleachers are electronic which makes it easy to set them up for various events. The graduation stairs were repaired to cover exposed rebar and to ensure they are safe for people to walk on. Interior stairs were also repaired. Floors in room 1 and the art room were repaired due to a leak. The Annex building was remediated, and the Business Office was relocated to the annex which freed up a classroom in the main building. Additionally, emergency exit stairs from Room 1 and the Art Room were repaired.

### School Safety:

All staff members are trained yearly on the district's crisis plan. A list of updates to school security and safety were compiled and prioritized. The district continues to make upgrades to security to ensure the safety of the students and staff in the district. The district works closely with the Netcong Police Department to increase security measures at the school.
